WHO WE ARE

We are a trusted and experienced asbestos and demolition specialist company dedicated to delivering professional asbestos removal and demolition with professionalism and expertise.

We are located at Toronto and service the Lake Macquarie, Newcastle, Hunter and Central Coast areas.

We have a crew of 10 team members that are skilled, respectful professionals who consistently strive to exceed client expectations.

BIG OR SMALL WE CLEAR IT ALL

OUR SERVICES

1. Asbestos Testing

Safety comes first. Our professional team provides thorough asbestos identification and testing of potential hazards before any demolition or renovation work begins.

We use accredited laboratories and sampling methods to ensure accurate results, giving you a clear understanding of your site's conditions and next steps.

2. Asbestos Removal

We're licensed and experienced in the safe removal and disposal of asbestos-containing materials. Our team follows strict safety and environmental regulations to ensure all asbestos is handled responsibly and your property is left clean and risk-free. From initial site visit to final clearance certificates, we manage the entire process with care and professionalism.

3. Shed Demolition

Whether it's an old garden shed or a large industrial structure, we provide efficient and safe shed demolition services. Our crew handles everything—from disconnection of utilities to debris removal—ensuring your site is left clear and ready for its next use. We work quickly and safely, minimizing disruption and maintaining full compliance with local regulations.

BIG OR SMALL WE CLEAR IT ALL

OUR SERVICES (cont.)

4. House Demolition

We specialize in complete and partial house demolitions, delivering safe, efficient, and environmentally responsible results. Our experienced team manages all permits, site preparation, waste separation, and recycling, ensuring a smooth process from start to finish. Whether you're rebuilding or redeveloping, we make demolition stress-free and straightforward.

5. Concrete Removal

Our concrete removal services cover driveways, slabs, footpaths, foundations, and more. Using professional-grade equipment and skilled operators, we break down and remove concrete safely and efficiently. We also recycle materials wherever possible, reducing environmental impact and disposal costs.

6. Strip Out Work

From residential to commercial sites, we offer comprehensive strip-out services that prepare your property for renovation or refurbishment. We remove walls, ceilings, fixtures, flooring, and non-structural elements with precision, ensuring the site is clean, safe, and ready for the next phase of construction.

OTHERS CUT CORNERS WE LAY IT ALL OUT UPFRONT

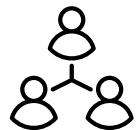

OUR COMMITMENT TO YOU

We are dedicated to delivering safe, efficient, and high-quality demolition services backed by integrity and professionalism. Our commitments guide every project we undertake, ensuring consistent results and long-term client satisfaction.

Safety First

We place the highest priority on the safety of our team, clients, and the surrounding community. Every project follows strict safety procedures, risk assessments, and compliance with all relevant regulations and industry standards.

Our Team

Our team brings extensive industry experience to every project. With years of hands-on expertise in demolition, asbestos management, and site preparation, we understand what it takes to complete each job safely, efficiently, and to the highest standards. Our qualified operators, supervisors, and safety specialists work together to deliver reliable results that meet all regulatory and client requirements.

OUR COMMITMENT TO YOU (cont.)

Transparent Pricing & Communication

We believe that clear communication and honesty are essential to every successful project. Our pricing is straightforward, competitive, and fully transparent—no hidden costs or unexpected changes.

Quality Workmanship

We take pride in the quality of our work. From planning to completion, we maintain high standards of precision, reliability, and efficiency—ensuring every project is completed right the first time.

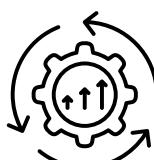

Environmental Responsibility

We're committed to sustainable practices, including responsible waste management, recycling of materials, and minimizing environmental impact across all our operations.

Customer Satisfaction

We work closely with our clients to understand their needs and deliver tailored solutions that exceed expectations. Our goal is to build lasting relationships based on trust, reliability, and results.

Continuous Improvement

We invest in ongoing training, technology, and process development to keep our team skilled and our operations efficient. We continuously seek better, safer, and more cost-effective ways to serve our clients.

OUR VALUES

QUALITY

We are committed to delivering excellence in everything we do. From our services to our customer interactions, quality is at the core of our operations. We maintain the highest standards, continuously improving our processes to ensure consistency, reliability, and outstanding results that exceed expectations.

PRICE

We believe in offering competitive and transparent pricing that reflects the true value of our products and services. Our goal is to ensure our customers receive the best possible quality at a fair cost—no hidden fees, no surprises. We continually evaluate our pricing to stay aligned with market standards while delivering exceptional value that builds trust and long-term relationships.

TRANSPARENCY

We believe honesty builds trust. From initial quotes to project completion, we communicate clearly and openly with our clients. Every stage of our work—from pricing to timelines and safety practices.

RECYCLING WHERE WE CAN EVERY JOB, EVERY MATERIAL

Environmental Responsibility & Recycling of Materials

1. Waste Separation and Material Recovery

We carefully sort and separate materials on-site to maximize recycling and reuse. Common materials such as concrete, brick, steel, timber, and non-contaminated soil are recovered and sent to licensed recycling facilities. This approach reduces landfill waste and supports sustainable resource management.

2. Salvage of Building Materials -

With being a salvage focused demolition company, we have a yard located in Toronto where we sell salvaged building materials such as roofing iron, bricks, hardwood and pine timber, doors and windows for your reuse.

CUSTOMER TESTIMONIALS

Gabrielle

The team at ABS have been punctual, polite and highly efficient. There were no hidden fees, and everything was explained in a way I could understand. Great job! :)

Newcastle Asbestos Removal & Demolition Experts

Liam Martin

Terrific service from ABS we will continue to work alongside them into the future. Communication was top notch and the site was left incredibly tidy. I have no problem recommending them to anyone.

Newcastle Asbestos Removal & Demolition Experts

Emma Mullan

Great work from Tristan and the team. A really thorough job, efficient, professional, awesome communication and flexible with our timelines. Thank you, team.

Newcastle Asbestos Removal & Demolition Experts

Louise Semaj

The whole experience was great. Tristan and the team were a pleasure to work with. Nothing was too hard, and we ended up with a great result. Very tidy, recycled what we could. Very happy - Would definitely recommend.

Newcastle Asbestos Removal & Demolition Experts

Stacey Anderson

Extremely happy with ABS work at my premises, I will not hesitate to recommend to friends. Thanks ABS for making it easy and no stress.

Newcastle Asbestos Removal & Demolition Experts

Chris O'Brien

Highly Recommend Tristan and his highly skilled team. I've used them on multiple. Projects for asbestos removal, demolition bathroom strip outs and excavation. True professionals nothing is a problem and the job is always completed to a high standard.

Newcastle Asbestos Removal & Demolition Experts

Shirley Chan

Tristan's team was great. Tommy quoted us the job and he was great in getting measurements, and attention to details with the job. The process itself was professional, detailed and communication was also excellent. Really happy with ABS Asbestos Removal!

Newcastle Asbestos Removal & Demolition Experts

Stacey Anderson
